CGPA:9.0

RAVINDRA BHARATHI (E.M) SCHOOL, Kanchikacherla — SSC  
JUNE 2016 - APRIL 20217  
CGPA:9.2

## PROJECTS

### OrganDonation —Academic project

This project is developed using React and Motoko on the Internet Computer blockchain. In this project, donors and patients register for organ donation and receive matches if their blood groups and organ needs align. The matching data is then displayed in a table format. The data is stored in canisters, which are accessed from the frontend.

### Personal portfolio — *Detail*

This portfolio is designed using HTML, CSS, and JavaScript. It showcases a description of my biodata, studies, and projects I have undertaken.

## SKILLS

Java Programming

Motoko

MySQL,MongoDB
